

December 13, 2023

I want to thank the Trustees who have been working closely with me since the St. Paul's Public Opinion Poll to help plan our path forward, and all the residents who have reached out with offers of help. I am excited to establish the new Mayor's Advisory Committee on St. Paul's, and these residents will be a great resource as we begin with the important steps needed to reach our goal of a project at St. Paul's that preserves part or all of the building, has wide-spread community support, and can be executed. As the Board of Trustees moves forward, we will be involving more resident volunteers, and the process will depend on everyone staying engaged on this issue.

Our first order of business, together with village staff, is to research and find the company that is best equipped to help us most accurately develop a master plan for the St. Paul's Campus that will engage the entire community, meet identified needs, and gain community support. Simultaneously, we will be exploring other community and recreation facilities and sharing with residents what such facilities could mean to our village. I recognize that no project can be executed without community support and understand how critical it is that we use data to drive this process to a successful end.

We have engaged a renowned stained glass expert to remove and safely store the stained glass windows. This was an important step to preserve the windows and avoid further deterioration. We have also restarted the process of addressing abatement by issuing a request for proposals for an environmental survey. Abatement must be done regardless of the St. Paul's Project we eventually decide upon.

As we approach resolving St. Paul's in this new and methodical manner, your Board of Trustees looks forward to managing this process to get the best recommendations for the community with continued support and engagement from residents.

### **WREATH LAYING CEREMONY**

Deputy Mayor Bruce Chester and I attended the wreath laying ceremony at the Merillon station December 7 to remember the victims in this tragedy 30 years ago and their families. The heroism of three Village residents who were passengers on the train and tackled the gunman, saving lives, was recognized, as were the efforts of law enforcement. Commissioner Jackson and Garden City Police were also in attendance. They were the first to respond to the tragedy 30 years ago.
