Notes:

- a) Increase from forecast due to unanticipated retirements; 2020-21 budget does not include raises for PBA contract expiring in May 31, 2020. (Transfer from Contingency once contract finalized)
- b) Increase in budget due to new phones for each police car due to new discovery laws and utilization of phones for electronic ticket writing.
- c) Increase in budget due to new Records Management System, Parking Ticket Writers, Computer Aided Dispatch, Updates on Village Camera/Security Infrastructure, Additional Software Installations.

Notes:

- a) Red \$30K for Monitor & Aide, added \$15K for librarian/trainees and pages
- b) DPW paying inv previously paid by Library
- c) Additional supplies for Children and YA Programs
- d) Transition to VoIP, 1 month overlap, keep some Verizon lines
- e) Increase staff training and invited to speak at conferences
- f) Add online/stream svcs, audio and video, software, books, newspapers
- g) Prior 12K (18-19), 10K (19-20), based on inaccurate anticipated savings by changing firms by the prior director
- h) \$46K security, \$22K add'l cleaning, \$3K IT, (NLS budget low in 19-20)

GRANTS							\$0
OTHER							\$0
TOTAL	\$0	\$0	\$5,000	\$0	\$5,000	\$0	\$10,000

DESCRIPTION OF PROJECT:

Available budget will be allocated for (Tyler) Hardware and software purchases to bring the Building Department on-line and updated to improve customer service and efficiency throughout. Purchases of new updated printers and mobile car printers, computers (Desktops / Laptops) and other equipment for printing and labeling scanning.

PURPOSE AND JUSTIFICATION:

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

In keeping equipment current minimizes maintenance costs. Newer technology also helps and improve customer service and staff efficiency. The Village attempts to keep equipment no more than four years, finding it cost effective to have as much equipment under warranty as possible. These purchases will also provide efficiency for staff which can cut down searching, delays and support a higher level of customer service to the residents. Additional time savings can be then utilized for other revenue generating services.

OTHER							\$0
TOTAL	\$0	\$0	\$25,000	\$20,000	\$15,000	\$10,000	\$70,000

DESCRIPTION OF PROJECT:

This project is to scan and convert all Building Department files into digital format and consolidation of all departmental records. The scan will then be integrated with the current code enforcement software for enhanced organization and accessing. Scans will also migrate into the new cloud software being considered. Current status is in the completion stage of phase 2 by the end of February and start phase 3&4 19/20 FY

PURPOSE AND JUSTIFICATION:

Currently all departmental records are in various sizes and in various locations. All records are accessed multiple times. Files have been misplaced, misfiled and gone missing due to the limited space within the Department of Building. The department also has limited space currently for storage and usage. By digitizing all documents, this frees up lost time in researching, searching and retrieving files for reviews, FOIL requests and title searches. This process will also safeguard against damage to the files from water, fire or mishandling. Should there be a fire or water issue, a copy backup would be available, which will prevent loss of historical information. Digital scanning will produce time-saving and efficiency and ensure future revenue that is used for verification of these files. The proposed budget also includes storage of records until deemed destroyable by law, unless otherwise decided by the BOT to retain for historical purposes. This project is to continue until the new software for digital submission commences and all remaining documents are scanned and uploaded into the program.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Although the project has upfront cost factors, savings will be seen in more efficient use of staff time, which will provide more customer service, faster retrieval of documents for more accurate reviews and inspections. Digital files will also be able to be viewed by the public, residents, realtors and contractors via web in the future when security measures are put into place. This will also assist in fee collections and generate additional revenue from searches and future project submissions. Second (2) and third (3) phases have the potential for NYS SARA grants up to \$75,000 which this department will apply to New York State Archives. Any cost savings can be utilized for other phases or upgrades for the department.

OTHER							\$0
TOTAL	\$0	\$0	\$31,000	\$32,000	\$33,000	\$34,000	\$130,000

DESCRIPTION OF PROJECT:

Police Department car available in 2019-20 for use. Future year budgets include department vehicles for staff to perform required title duties. Inspections are performed daily and in all weather conditions. As per the Village shop, amounts per year include the required light package for street safety and a 3% increase.

PURPOSE AND JUSTIFICATION:

To provide an updated vehicle to staff to perform their job duties. These purchases are to start releasing older models which require large maintenance and are not fuel efficient. Additionally to start allocating vehicles that are 4 wheel drive for all weather performance. Department staff are required to perform multiple inspections to meet NYS and Village compliance for all construction. Building Department staff also respond to emergencies and assist the Police and Fire Department on other matters relating to structures (Commercial and residential buildings).

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Vehicles are usually recycled by removing the oldest fleet for gas and maintenance reduction with newer models. The impact is a one-time upfront purchase cost. Cost to be offset by increased revenues and new application types, inspections fees, etc. Capital allotment to provide the all-wheel drive capabilities, fuel efficiency and lower maintenance cost for in warranty purchase. Long term savings with fuel efficiency and less maintenance for a newer model with less expensive replacement of parts when needed.

DESCRIPTION OF PROJECT:

Normal replacement program of Police service fleet. All prices have been based on previous years pricing plus an inflation factor. A comprehensive emergency vehicle replacement schedule is essential in assisting the Department in their 24/7 emergency operation and maintaining quality response times. Where practical, Department is converting to Hybrid Vehicles.

PURPOSE AND JUSTIFICATION:

Unmarked vehicles, no longer suited for emergency use, are available for reassignment to other Village Departments. This reassignment of vehicles has proven to be very beneficial to the Village. These late model unmarked vehicles, while not viable for use during routine police functions, may be used effectively by an engineer, building department employee, water meter reader, etc.

By replacing equipment at regular intervals, downtime due to mechanical failure is greatly reduced, as well as repair costs. This regular vehicle replacement rotation assists the Department to run effectively, and allows officers to respond to emergency calls without unnecessary delays due to mechanical deficiencies and/or breakdowns. The new interceptors are equipped with all wheel drive and function well in adverse weather conditions.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Older marked vehicles are utilized for parking enforcement in an effort to reduce the amount of newly requested police vehicles each year. Utilizing these older vehicles for parking enforcement eliminates the purchase of new vehicles for parking enforcement, and extends the amount of years the Department keeps these vehicles in service. New Hybrid vehicles will increase fuel efficiency.

DESCRIPTION OF PROJECT:

Annual replacement of computer equipment, including file servers, backup systems, cameras, and mobile systems. This year, we will continue the expansion of the mobile data units to the police aide SUV's, allowing increased patrol time, productivity, and efficiency. The Department utilizes specialized software and equipment to assist in intelligence sharing as well as technology driven investigations such as cell phone/computer related crimes.

PURPOSE AND JUSTIFICATION:

The goal of a comprehensive, cyclical plan of improvement and replacement insures the highest quality of computer service on an ongoing basis with relatively stable budgeting. In addition, this approach is being extended to the lap-top mobile units, LPR and Livescan systems.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Continual rotational replacement insures maximum availability while keeping equipment under original warranty. The Village purchases only name brand units with three year on-site service from authorized State contract vendors, when available. The license plate reader system assists the department in the arrests of wanted subjects and detection of crimes/traffic violations as well as removing unsafe vehicles from the roads.

*System consists of servers, 18 workstations, 10 printers including ID & mugshot, digital cameras, 6 communications servers, routers, hubs, 22 mobile pc's, email server, firewalls, scanner, a livescan unit, radio/phone recording equipment and eight hand held ticket writers.

TOTAL	\$100,000	\$0	\$100,000	\$0	\$0	\$100,000	\$200,000

DESCRIPTION OF PROJECT:

Purchase of additional interoperable radio equipment.

PURPOSE AND JUSTIFICATION:

The Department has transitioned to the Nassau County Police Radio System which provides interoperable encrypted communications between participating federal, state, and local agencies. Interoperability among law enforcement agencies is crucial in the current post 9/11 environment where national security, and disaster preparedness is a necessity. The Department is undergoing a process of purchasing tri-band radios to be compatible with the older VHF backup system, the current 500 MHz system and the future 800 MHz system. It is the position of this Department that even with an interoperable communications system, the original Department police radio system will be maintained as a back-up communication system. The Department also provides radios to NYU Ambulance who operates on our legacy system and provides emergency medical response to the Village. To maximize operations, particularly during serious incidents and large scale events, the department's goal is to have each officer assigned a radio.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

The Department's interoperable system, consisting of two base stations, 40 portable radios, and 30 mobile radios, has proven beneficial during emergency situations that required working with, and coordinating with, multiple law enforcement agencies as well as fire departments and ambulance services.

DESCRIPTION OF PROJECT:

Upgrade Range to improve firearm efficiency, training, gun safety, and range longevity as well as accomodating the many different weapons (handguns, rifles, shotguns, etc.) utilized by law enforcement today.

PURPOSE AND JUSTIFICATION:

Firearm usage and use of force training is a main component of police service. The refurbishment will improve the quality of ammunition traps, walls, ceilings, air quality, lighting, target systems, and ammo disposal.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

The refurbished range will allow for more firearm and rifle training thereby decreasing the probability of liability situations.

DESCRIPTION OF PROJECT:

Vehicles: The upcoming budget is to replace our oldest Fire Chief's Vehicle in the fleet. Engine/Pumper E-142. (2004 Seagrave) has frequent mechanical issues and parts are difficult to obtain and needs to be replaced.

Fire Dept Fleet consists of 9 vehicles (4 SUV's for Fire Chiefs, 3 SUV's Utility/Plow, 1 Pickup/Crew Cab for Heavy Duty Plow/Utility, and 1 ATV for Rescue/Mini Pumper). Currently we have 7 Fire Trucks and 1 Generator Trailer. NOTE: 1 Engine (E-141) is O.O.S.

48 SCBA (Self Contained Breathing Apparatus) Cylinders will expire in 2020 and must be replaced.

PURPOSE AND JUSTIFICATION:

DESCRIPTION OF PROJECT:

Fire Station #2: This amount represents a placeholder until the architect (PKAD) finalizes accurate estimates for the total cost of the project. Replacing Fire Station #2 (West) with a new modern firehouse to accommodate current and future fire apparatus. Items include the height, width and length of the apparatus areas. Also includes accommodating meeting/training area needs and house additional members. Fire Station #3 (East) needs updating to bathrooms, air conditioning, Kitchen and stand by areas. These areas have not been updated in many years.

Fire Headquarters: Renovations near fire turnout gear washing machine area, 1st floor (next to bay#1) to accommodate new commercial washer & proper installation to building code. There is also a shower and bathroom in the same area that will be updated.

PURPOSE AND JUSTIFICATION:

Station 2, due the age of the building, is not able to accommodate current and future apparatus for the needs of the department. The structure has many deficiencies in it's structure It needs to be replaced to be continually used as an emergency services facility. Station #3 is used by fire and police personnel and needs to be updated.

Fire Headquarters: Existing washing machine will fail soon and replacement requires modification of the area to be installed properly & to building code. The existing shower is also not to building code, is in the same area and needs to be renovated to code.

DESCRIPTION OF PROJECT:

Hardware and software upgrade purchases. Hardware include rotational replacement of two or three pieces of equipment on an as needed basis. The department currently has MDT's in the fire department's emergency response apparatus, and some are approaching ten years in age and need to be replaced.

PURPOSE AND JUSTIFICATION:

Continual investment in computer infrastructure avoids large costs in any one year. With construction pending on Stations 2, additional upgrades will be required.

DESCRIPTION OF PROJECT:

Adding hardware and software to install simulcasting capability to main and back up repeaters at Condo and Headquarters.

PURPOSE AND JUSTIFICATION:

This will improve our transmission coverage on our main dispatch frequency (F1) and help eliminate dead zones on the east and west ends of the Village.

DESCRIPTION OF PROJECT:

Vehicle and specialized equipment replacement is critical to the consistent delivery of maintenance services throughout Village recreation facilities and passive parks. Less investment is required for sophisticated mowers with the outsourcing of passive park maintenance, but some replacements are still required. Tractor replacement is critical at this point in time.

PURPOSE AND JUSTIFICATION:

The existing fleet of 25 over the road vehicles used in the daily delivery of a variety of grounds maintenance tasks, including snow removal, contains many vehicles with high mileage and severe rusting from age. Older vehicles require continuous costly repairs resulting in extended down time.

DESCRIPTION OF PROJECT:

Repair tennis and basketball courts in the neighborhood parks. Edgemere Park tennis court is past the renovation stage, and must be removed and replaced. The basketball court at Edgemere also needs major repairs. Edgemere will be the first park done, followed by Nassau Haven, Tullamore, Hemlock, and Grove.

PURPOSE AND JUSTIFICATION:

Courts used for physical activities must be maintained in good condition.

DESCRIPTION OF PROJECT:

This project continues the improvement of day to day facilities in our five neighborhood playgrounds. Standardized basketball backboards, picnic tables, game tables, and other site amenities will be replaced at each park.

PURPOSE AND JUSTIFICATION:

Provide new activities to neighborhood parks and upgrade all equipment. Add batting cages to community park fields for safe warm up and practice.

DESCRIPTION OF PROJECT:

Conversion of field #4 and the Roller Rink to LED fixtures in 2020/21.

PURPOSE AND JUSTIFICATION:

Provide increased light levels on athletic fields, footcandles have gradually decreased over time. New improved LED lighting system will create more efficient and improved lighting similar to the new multisport field.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Reduce electrical utility costs

DESCRIPTION OF PROJECT:

This project will provide physical security to all Village of Garden City Parks and Playgrounds including Community Park. It includes the purchase and installation of cameras, access control doors with hardware and Cablevision connectivity from the remote site to the Village Hall communication hub.

PURPOSE AND JUSTIFICATION:

Today's climate dictates that government entities enhance their ability to deter and respond to attacks on their Village Facilities and public spaces, which are used by the public as gathering places for recreational activities, sporting events etc. These venues are often potential targets for attacks as these types of locations can result in mass casualties.

TOTAL	\$49,000	\$35,000	\$35,000	\$40,000	\$25,000	\$0	\$135,000

DESCRIPTION OF PROJECT:

This project continues the phased replacement of chain link fence in the neighborhood parks. Hemlock and Tullamore are next in line, followed by the southern end of Grove Park, then Edgemere Park gates and in park fencing.

PURPOSE AND JUSTIFICATION:

Existing perimeter fencing in various locations is rusted and worn. Replacement fencing will improve overall aesthetics and provide security to park facilities.

DESCRIPTION OF PROJECT:

Construction of a 8,000 sq.ft. Butler type building including foundations, cement slab floor and lighting.

PURPOSE AND JUSTIFICATION:

Provide indoor storage space for the department's fleet, grounds equipment, tractors and loaders. Facility can also be used to perform routine preventative maintenance on trailers and other equipment. Currently many pieces of equipment are stored outside in parking lots and under open air shelters thereby, reducing the useful life of motorized equipment.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Extend the useful life of trucks, loaders and tractors

BONDED INDEBTEDNESS		\$550,000					\$550,000
GRANTS							\$0
OTHER							\$0
TOTAL	\$0	\$550,000	\$0	\$0	\$0	\$0	\$550,000

DESCRIPTION OF PROJECT:

Existing vinyl covering is now 19 years old. Material is rated for 20 years and has begun to show signs of wear at the seams, a few patches have been done and holes are now showing up more frequently.

PURPOSE AND JUSTIFICATION:

Replace building shell in order to sustain operations.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Tennis Enterprise remains in a cash positive position.

OTHER							\$0
TOTAL	\$200,000	\$200,000	\$100,000	\$0	\$0	\$0	\$300,000

DESCRIPTION OF PROJECT:

This project is to scan and convert Village Records from microfilm and paper to digital format. The records identified for conversion to digital form include Board of Trustees Minute Books, Planning Commission Books, Zoning Board of Appeals Minute Books and Board of Trustees Transcript Books (Public Hearings), as well as some active records; permanent records of varying age; archived employee files; various Village Department records, the majority of these records being permanent records.

PURPOSE AND JUSTIFICATION:

The above records are housed within six areas of the Village including Village Hall Vault A, Vault B, the Cage, Storage Room B, which in aggregate encompass over approximately 2,400 boxes, 14 lateral cabinets, business documents, large format plans and 390 rolls of 35mm film. Having the files dispersed throughout Village facilities makes accessing and providing requested information difficult, time consuming and cumbersome.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

While the initial cost to scan and digitalize these records is to not only safeguard them from the elements, but house them electronically. This fulfills an objective for the records management project but also one within the establishment and continuation of a Disaster Recovery initiative. By creating a digital copy of these files it will enable the management system to be established in an electronic environment, not only on the Village's physical server, which is routinely backed up, but when the Village decides to invest in cloud storage the copying and placement/transferring of these records will be easily facilitated. It is expected that this solution will be a long-term time saving solution providing cost savings through the efficiency and effectiveness of record availability and transparency.

DESCRIPTION OF PROJECT:

2020-21 : Website Upgrade - update existing website platform for ADA Compliance and better navigation for smart devices access

PURPOSE AND JUSTIFICATION:

Technology advances require consistent funding so as not to face large replacement projects. Simplifies environment, upgrades all operating systems and hardware to current generation, continuity of operation, 24 part replacement if needed. This was part of the original vision when we added Total Technology Systems as our "big IT" vendor". Ensures continuity of operations.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Eliminate downtime due to equipment failures, obsolete operating systems, saves cost for Microsoft Support when needed and maintains cybersecurity protection if primary Firewall experiences a hardware failure.

DESCRIPTION OF PROJECT:

To implement a new General Ledger System. The current General Ledger System (Keystone) was originally implemented in 1989, and was later upgraded to a GUI version in 1997. Amount is a placeholder for future project.

PURPOSE AND JUSTIFICATION:

In a continued effort to improve financial analysis and efficiencies, a new general ledger system is needed that will include robust budgeting and financial reporting capabilities that do not exist today. Upgrading our main financial system will improve our ability to produce Reporting and Analysis, Budgeting and Forecasting in a more timely and efficient manner.

DESCRIPTION OF PROJECT:

2019/20 - DPW Yard improvements: Dump area (concrete) \$1,100,000, Plow storage area (concrete) \$700,000, Employee Parking lot \$500,000. Work will be a one time bid to address these 3 areas. There is significant work that still needs to be completed from the 2018/19 paving program which will carry us into the 2019/20 paving season. Once this work is completed we will be able to prepare a new bid package for the 2020/21 paving season.

PURPOSE AND JUSTIFICATION:

There are approximately 214 lane miles of Village roads. In order to keep these roads in good condition, they should be maintained on a 20-year cycle with ten miles being repaired each year. Over the previous 4 years the Village has maintained an average of 10.85 miles repaired a year. In addition there are 45 parking lot miles which carry a much more significant cost to repair and do bring down the average lane miles repaired per year.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Repairing road before they fail will save money in terms of future expenditures. Over the first 75% of the life of a road, there is a 40% loss in the quality of the road. However, in just the next 12 years of the life of the road, there can be another 40% loss in quality. At this point, the road deteriorates very rapidly. Once a road reaches this point, it can cost 150% to 180% more to make repairs.

DESCRIPTION OF PROJECT:

Annual ongoing project to replace defective sidewalks abutting or adjacent to non-Village owned properties as part of the paving program. The Village is mostly reimbursed for these costs as the Property owner is charged for cost of these repairs.

PURPOSE AND JUSTIFICATION:

Repair broken and dangerous sidewalk which could result in claims against the Village.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

This will be an ongoing project.

DESCRIPTION OF PROJECT:

Annual ongoing project to replace defective curbing, sidewalks and roads outside of the paving program. A bid will be done for a requirements agreement in order to give the Village flexibility and to improve response time for unforeseen repairs. Village owned sidewalk repairs - nonreimbursable.

PURPOSE AND JUSTIFICATION:

Repair broken and dangerous curbing & sidewalks.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Ongoing project

TOTAL	\$0	\$870,000	\$870,000	\$870,000	\$870,000	\$870,000	\$4,350,000

DESCRIPTION OF PROJECT:

Repair and line sewer mains as needed and identified by inspection and field observations. Also to address any emergencies that may arise.

PURPOSE AND JUSTIFICATION:

Very old sewer system needs maintenance.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Preventative maintenance to prevent much larger catastrophic problems.

DESCRIPTION OF PROJECT:

Purchase of equipment, (see attached list of vehicles).

PURPOSE AND JUSTIFICATION:

Replacement of old vehicles and equipment. This will reduce amount of maintenance required on vehicles and reduce downtime that comes with it.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

This should reduce expenditures on excess repairs required to keep an older vehicle on the road or a piece of equipment working.

DESCRIPTION OF PROJECT:

2020/21 - Repair the Chery Valley building in order to keep It functional, in additon install A/C units in Cherry Valley & Meadow St sewer stations in order to support new SCADA systems installed this past year

PURPOSE AND JUSTIFICATION:

The current station is in need of replacement, as the building is over 100 years old and has reached the end of its useful life. The new SCADA systems are servers that overheated last summer. They need to be kept cool, similar to a server room

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

This is preventative maintenance. The Cedar Valley station is critical infrastructure that cannot fail. This project will remedy a potential point of failure in the infrastructure.

DESCRIPTION OF PROJECT:

Replace remaining standard street lighting with LED lighting. This includes replacing fixtures, poles and wiring. This accounts for replacing approximately 584 lights and replacing 175 wood poles. (The new poles would be standard aluminum poles. These would replace the wood poles on Stewart Ave, Nassau Blvd., PF 11, Second St, and in front of the Middle School).

PURPOSE AND JUSTIFICATION:

Reduce electrical costs, and maintenance of existing fixtures.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Reduction in street lighting electrical costs and maintenance costs. Potential NYSEDA Grant of \$50,000.

OTHER							\$0
TOTAL	\$3,024,000	\$0	\$0	\$255,000	\$255,000	\$255,000	\$765,000

DESCRIPTION OF PROJECT:

Services contract to perform small maintenance projects outside of the regular paving program. This would include replacement of defective paving stones in all the business districts. (approximately 90% reimbursable by business district). The amount of the work budgeted and approved in the 2019-20 Fiscal Year will be completed over the 2020-21 (\$1,804,421) and 2021-22 (\$969,000) fiscal years.

PURPOSE AND JUSTIFICATION:

Repair broken and dangerous paving stones which could result in claims against the Village.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

First year cost is to repair all defects called out by Village Engineering after an evaluation of all Village business districts (Franklin, NHP & 7th). Property owner is charged for cost of repairs to paving stones/sidewalk adjacent to their property. Village assumes cost for Village property and street corners.

DESCRIPTION OF PROJECT:

Purchase of equipment as listed under Impact of Project on the following page.

PURPOSE AND JUSTIFICATION:

Replacement of old vehicles and equipment. This will reduce amount of maintenance required on vehicles and reduce downtime that comes with it.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

This should reduce expenditures on excess repairs required to keep an older vehicle on the road or a piece of equipment working.

DESCRIPTION OF PROJECT:

This is an ongoing annual program to rehabilitate one Village well annually. Work would include updating controls, servicing the pumps and other equipment and making the necessary improvements mandated by the Health Department.

PURPOSE AND JUSTIFICATION:

Dept of Health has mandated improvements to well sites which includes raising of the well heads. This is also good practice to ensure our Wells are operating efficiently and a way to reduce unexpected failures.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

VILLAGE OF GARDEN CITY

FIVE YEAR CAPITAL IMPROVEMENT PLAN

FOR FISCAL YEARS ENDING 2021 THROUGH 2025

DEPARTMENT:	Water

TOTAL	\$21,000	\$21,000	\$21,000	\$15,000	\$21,000	\$5,000	\$83,000

DESCRIPTION OF PROJECT:

We have 27 chemical pumps throughout the system at the well sites. These pumps, with the exception of three, are 10 or more years old. A large number of these chemical pumps are coming to the end of their life span. We were able to obtain the pumps this year at a significantly lower price than expected, enabling us to accelerate this program by purchasing 7/year.

PURPOSE AND JUSTIFICATION:

These pumps ensure that the proper amount of chemicals are added to the system for the proper treatment of the water.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Preventative maintenance to prevent much larger catastrophic problems.

TOTAL	\$0	\$375,000	\$0	\$0	\$0	\$0	\$375,000

DESCRIPTION OF PROJECT:

PENDING: Cost estimates pending architect presentations scheduled on 2/24. Goal is to update space efficiently for the collections of books, media and technology, while providing space for readers and families to study, read or attend programs. Library has \$130,000 in deferred revenue account. ***Nominations for SAM Grants by legislators totalling up to \$200,000 may reimburse certain qualified expenses including construction costs and professional fees. If received, grants will be used to reimburse Village.***

PURPOSE AND JUSTIFICATION:

Library services for children have changed since the Library was built 45 years ago. The Children's room is original and has not been updated to reflect these changes. Different ages and activities have different needs. Services to preschoolers help to reinforce early literacy. School children require technology to complete their homework. Crafts and maker programs help to support STEAM learning. The library needs a space to provide services for children of all ages and their parents and teachers.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

No impact to operating revenues or expenditures.

DESCRIPTION OF PROJECT:

Maintain, improve or expand technology services :ongoing replacement of obsolete or failing equipment, acquisition of new equipment and infrastructure expansion. **SECURITY ITEMS: PA system for announcements and Cloud Backup both recommended by Village.** Also Includes Network Switch, Network Attached Storage (NAS), Uninterruptible Power Supplys (UPS), cabling, WI FI access point, PCs, scanners and printers, game system. Budget also includes Cloud Storage device and support, and AV equipment needed to improve quality and function for presentations in the large meeting room (smart podium, new speakers and wireless microphones (new wireless frequency standard making current ones obsolete), rack, dvd/cd player and sound system, HDMI connection, and needed cabling and equipment).

PURPOSE AND JUSTIFICATION:

To provide the Library with the ability to improve security and safety by adding a PA system to the phone system and improve programs and services to the public by improving media services in the large meeting room, expanding WiFi access and .

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

Annual equipment maintenance costs may increase as more equipment is required.

TOTAL	\$2,700	\$31,000	\$0	\$0	\$0	\$0	\$31,000

DESCRIPTION OF PROJECT:

Security camera network - 11 additional High Definition digital cameras (some with analytics) to include additional sections of the library including the mezzanine and portions of the lower level. A door between Children's Room and Administration will be secured. Planter to be purchased and installed (2019-20).

PURPOSE AND JUSTIFICATION:

Today's climate dictates that government entities enhance their ability to deter and respond to attacks on their Village Facilities and public spaces, which are used by the public as gathering places. These venues are often potential targets for attacks as these types of locations can result in mass casualties. Any damage to these vital assets could seriously affect the health and safety of the public.

IMPACT OF PROJECT ON OPERATING REVENUES/EXPENDITURES

None
