

Dear Neighbor:

3<sup>rd</sup> Track Constructors (3TC) is making significant progress on the LIRR Expansion Project from Floral Park to Hicksville, one of the region's most significant transportation infrastructure projects. Work is currently progressing on the New Hyde Park Grade Crossing Elimination Project, right here in Garden City.

Construction crews are currently working to pour and form curbs at the Greenridge Circle at the end of Clinch Avenue in conjunction with the new underpass. In order to perform this work, access to Greenridge Circle will be closed to all vehicular and pedestrian traffic until approximately August 7. Closing the road to traffic allows our crews to perform this work more quickly, expediting the reopening of Greenridge Circle in its permanent condition. This will allow for ADA access via a pedestrian overpass crossing over the new underpass on New Hyde Park Rd.

In the coming weeks, New Hyde Park Road will reopen in its new permanent condition.

3TC is continually re-evaluating our construction techniques and inspecting our equipment to minimize adverse effects to the surrounding community. Your feedback is important and we welcome your inquiries and suggestions.

As always, please visit our website at [www.LIRRExpansion.com](http://www.LIRRExpansion.com) for more information about the project. If you have an immediate question about the work in your community, please email us at [communityoutreach@LIRRExpansion.com](mailto:communityoutreach@LIRRExpansion.com) or call the project's **24-hour Hotline** at **516.203.4955**.

Thank you for your patience and understanding. We look forward to continuing to serve you and your community.

Respectfully,

Your Garden City Community Ambassadors,

**Katherine Heaviside**

**Jim Green**

For more information, please contact the Information Hotline at **516-203-4955** or by email **CommunityOutreach@lirrexpansion.com**. You may also visit our website, **www.lirrexpansion.com**, for up-to-date project details.

A better commute • Less congestion • Cleaner Air • Safer, quieter crossings  
Station improvements & parking • Better jobs • Stronger economy • Noise reduction
