

Local Law 3-2019

A LOCAL LAW AUTHORIZING THE BOARD OF TRUSTEES TO TEMPORARILY RESTRICT PARKING AND CHARGE PERMIT FEES IN PARKING FIELD 7N TO PERSONS WHO ARE RESIDENT IN PREMISES ADJACENT THERETO

Section 1. Legislative Finding. The Board of Trustees hereby determines that the municipal parking field designated as Parking Field 7N is being utilized in a manner which often deprives adjacent residents from parking opportunities and which also adversely impacts parking opportunities for visitors to adjacent commercial establishments in the Village's primary commercial district. The Board of Trustees also finds that further study is needed before determining how to best configure parking in such Field so as to balance the needs of adjacent residents, shoppers in the commercial district which is adjacent to such Field, and the public at large. The Board of Trustees further finds that a "Pilot Program" is an appropriate tool to utilize to assist it in making such determination.

Section 2. Pilot Program. The Chairman of the Police Commission, in conjunction with the Superintendent of Public Works, is hereby authorized and directed to identify and establish an area at the western end of Field 7N for the purpose of engaging in a Pilot Program restricting, for a period of up to one year, 35 parking spaces to persons resident in the premises adjacent to such location. Under the Pilot Program, parking in such area shall be prohibited unless a license therefor (to be limited to one such license per adjacent residential unit) has first been obtained from the Village Clerk for a fee of \$275 and there is conspicuously displayed on such vehicle a sticker, tag or other proper identification issued and affixed to said vehicle as directed by the Village Clerk. All such applications for any license shall be in form and substance as determined by the Village Clerk, but shall include the number of the parking field, the number of the license of the vehicle, the make and color of the vehicle and the expiration date of the license. Any such license and sticker, tag or other identification affixed to the vehicle shall be non-transferable except to a replacement vehicle of the applicant following notice to the Village Clerk. Said Pilot Program shall be subject to the further direction, modification, implementation and supervision of the Board of Trustees by Resolution as same may proceed; provided, however, any license granted hereunder shall remain in full force and effect for the one year pilot term unless the Village reimburses the applicant a pro rata portion of the application fee.

Section 3. Report. At the conclusion of the Pilot Program established by Section 2 hereof, or at such earlier time as the Board of Trustees may direct by Resolution, the Chairman of the Police Commission, together with the Superintendent of Public Works, shall report to the Board of Trustees their findings and recommendations for the continuation, termination or alteration of such restricted parking, together with any other of their recommendations for parking regulations in Field 7N generally.

Section 4. This Local Law shall take effect immediately upon its filing with the Secretary of State of the State of New York.
